

Alcohol and Drug Policies

I. Introduction

The goal of the Loyola Marymount University Policy on Alcohol and other Drugs is to create an environment in which the responsible use of alcohol is taught and promoted for individuals age 21 years and over who choose to lawfully consume alcohol. The misuse of alcohol and the use of illicit drugs are discouraged and will be disciplined. This goal can be achieved by campus-wide involvement in comprehensive and on-going alcohol and drug education and the enforcement of the following guidelines.

II. University Regulations Governing the Use of Alcohol

The LMU Alcohol Policy adheres to the laws of the State of California (listed in Section V of this policy) regarding the purchase, sale, furnishing and consumption of alcohol. Intoxication and/or alcohol abuse is not permissible as an excuse for unlawful behavior or misconduct. Providing false information and/or identification to consume alcohol is subject to disciplinary action as outlined in the Student Conduct Code. The policy acknowledges the fact that persons age 21 years and over may purchase and consume alcoholic beverages. Those who fall in this category are responsible for setting a positive example to all minors by discouraging alcohol-related behavior that is abusive to oneself or to others.

The University expects all members of the campus community to conduct themselves in an appropriate manner and encourages the adoption of a mature attitude towards the use of alcohol. Alcohol consumption is permitted for those of legal age in designated areas on campus (The Hannon Loft, Crimson Lion, private living units in University Housing Facilities) and at certain University sponsored and/or approved events on campus. Open containers of alcohol outside of the aforementioned facilities and approved events on campus are not permitted. It is the position of the University that drunkenness and public intoxication are unacceptable and that those who violate the norm of temperate drinking will be subject to disciplinary sanctions. Accordingly, each person assumes full personal responsibility and will face disciplinary proceedings for any of their actions or the actions of their Guest(s) that violate any University policy.
