LOYOLA MARYMOUNT UNIVERSITY  
STUDENT HEALTH SERVICES

ENTRANCE REQUIREMENTS

**ALL INCOMING STUDENTS MUST COMPLETE THE FOLLOWING BY JULY 1, 2021:**

1. Review the Consent for Treatment Form.
2. Review the Notice of Privacy Practices.
3. Complete Tuberculosis (TB) Screening and/or testing.
4. Provide documentation of two measles/mumps/rubella (MMR) immunization or proof of immunity (blood titer)
5. If you have been FULLY vaccinated against Covid you must visit the University TAP system (lmu.edu/vaxlmu) to submit your dates and documentation to be compliant with the University requirement for proof of vaccination.

**Step 1: Go to MyHealth portal located at** (MyHealth.lmu.edu)

**Step 2: Review and acknowledge the following forms**

- **Consent for Treatment** and indicate agreement by checking the box. If you are under 18 years old, download Consent for Treatment of a Minor located in download forms. Print this form and have it signed by your parent or guardian and submit it to SHS.
- **Notice of Privacy Practices** and acknowledge by checking the box.

**Step 3: TB testing**

- If listed as required on MyHealth portal, complete the TB Risk Screening Questionnaire

Students born in a country with high incidence of TB (see list on the back) or students who answered “YES” to any of the questions outlined on the TB Risk Screening Questionnaire Must:

- Enter the date of TB skin or blood test done within the last 12 months on the Immunization Entry form.
- For positive blood or skin TB test you MUST submit a chest x-ray report.

**Step 4: Complete Immunization Entry Form**

- Input your immunization/testing dates.

**Step 5: Upload Records**

- Upload copies of your immunization/testing records and, if applicable, TB test records and chest x-ray report to MyHealth portal.

Questions?
Please review the Entrance Requirements FAQ’s on our web page: lmu.edu/health

Allow 5 business days for SHS to process your forms.
HIGH RISK FACTORS FOR ACQUIRING TB ARE AS FOLLOW:

• Close contact with persons known or suspected to have active TB disease
• Persons born in one of the countries listed below that have a high incidence of active TB disease
• Frequent or prolonged visits to one or more of the countries listed below with a high prevalence of TB disease
• A resident and/or employee of high-risk congregate settings (e.g., correctional facilities, long-term care facilities, and homeless shelters)
• A volunteer or health-care worker who served clients who are at increased risk for active TB disease
• A member of any of the following groups that may have an increased incidence of latent M. tuberculosis infection or active TB disease — medically underserved, low-income, or abusing drugs or alcohol
