“I’ve been obsessed with making cheesy corn, I saw the recipe on TikTok & I’ve been missing going to Korean BBQ during the pandemic. This meal has definitely given me something to keep me happy until we can go back & enjoy it in person. The cheese is super stringy & it literally melts in your mouth. It’s super easy & delicious, I can’t get enough of it!”

“My music taste is generally all over the place, but lately I’ve been listening to loads of EDM, particularly dubstep. The artist known as MUST DIE! released an absolute banger “Sorrow Tech” that has a crazy flow & sound design. The don Excision also collaboed with Subtronics to bless us with “Bunker Buster” which will make you want to open the pit anywhere you’re at.”

“La La Land directed by Damien Chazelle will forever be special to me because of its meaning. The ending is incredibly bittersweet as Chazelle wanted to emphasize that some people come into each other’s lives not to stay forever, but to make a huge impact. The intense choreography & cinematography also helps to showcase many of Los Angeles’ famous landmarks!”
Summer Bucket List
Vaxxed Edition
Ready for the world to go (somewhat) back to normal now that you’re fully vaccinated? Here’s some ideas on how to live it up this summer!

Vaccination Party:
Have you and your close friends been fully vaccinated? Have the people they live with been vaccinated as well? Well, then that’s a perfect reason to celebrate. This summer, have a small party with your vaccinated friends with cake, movies, hugging, & more to boost your mood & toast your good health!

Wheel of Meals:
Create a wheel spinner with the names of places you want to eat with a friend. Each weekend of summer, spin the wheel & eat at that place. Cross off each name as you go until you’ve visited them all. This concept can also work with activities like museums, stores, movies, books, activities, & more.

See Your Family:
With the world shut down, it’s likely you haven’t seen some of your family in a very long time. If you and your family members are fully vaccinated, this summer, you should plan to see them, hug them, & enjoy each other’s presence again. With the weight of school gone, seeing loved ones will be a great way to kick off your summer plans and will put a smile on both of your faces.

Which Mane Entertainment Event Are You?
It’s been another great year of events, but this year it’s all been virtual. Ever wonder what other events have happened on campus? What the vibe would be? Which one you’d like most? Take this quiz and figure out which one would be the best fit for you!

UnVaxxed Edition
Ready for Summer Break, but still socially distanced while waiting for your vaccine? Here’s some ideas to brighten up your summer!

Cooking Competition:
Ever watched MasterChef or Chopped? Decide a few ingredients to buy from the store. Zoom call your friends & create a dish using those ingredients & anything else in your household in only 30 minutes. Though you won’t be able to try each other’s meals, the excitement around cooking will make this challenge worthwhile.

Movie Marathon:
Summer is a great time to have a movie marathon. Through Netflix Party, Disney+ Rooms, or any other streaming service group watch, you & your friends can enjoy a long night inside. Having a distanced movie marathon means you get to move around while watching the movie, don’t have to worry about falling asleep on your friend’s floor, & so much more. Some of our go-to franchises are Harry Potter & Star Wars.

Redecorate Your Room:
Being online for a year now, our bedrooms have become not only our safe-space, but our classroom, library, stress zone, dining room, sleeping quarters, & more. By redecorating & rearranging your room, you’ll feel that heaviness from online class leave your happy place. With a little music & a creative mind, it will be a really fun challenge for the beginning of summer.

Easter Egg Hunt with ME
As we look back at the events that happened during April, we can’t forget Easter. & what’s a better way to celebrate than with an Easter egg hunt! How many movie Easter eggs can YOU identify?? Scan the QR code to find out!
