

LMU SFL Developmental Workshop Series

Sorority and Fraternity chapters at Loyola Marymount University are seen as a value-add to our vibrant campus community by creating membership experiences where the organization and members are **Accountable, Holistic, Engaged, Connected, and Innovative**. It is the belief of the Sorority & Fraternity Life Office that to ensure chapters are places where members can thrive, developmental workshops around the focus areas outlined in ASPIRE are a key piece of our educational initiatives. Through the use of community building circles under the guidance of restorative practices, members will engage in dialogue with one another around each of the focus areas outlined in ASPIRE so that they can bring what they learn back to the chapter.

The Holistic Chapter

Friday October 18, 2019 – Malone 112 – 2:00pm to 4:00pm
